American Bulldog

- Around 3-4 years old
- Over 70 lbs.
- Female (will be spayed)
- Up-to-date on vaccinations!
- Good with dogs!
- Seems to be okay with cats
- Very sweet and submissive with people (little shy with men)
- Little shy and timid with sudden movements so will need a little extra patience, training, and lots of TLC to help build her self-esteem/confidence
- Crate trained and almost completely housebroken!
- She's as beautiful on the inside as she is on the outside ... and that is why she was rescued from the shelter where she was going to be euthanized.
