

Bear needs a home!

This sweet boy is a two year old shepherd mix.

He responds well to positive training techniques and will happily walk with you on a

leash. He is house broken and gets along with other dogs. He enjoys spending time with his doggy day camp friends!

Ideal home will have a fenced in yard. Bear does best in a home without very young children.

Bear is up to date with all his vaccines and has a season supply of Advantix and Interceptor.
