Cruiser

- Miniature Pinscher
- 4 years old, Male – neutered, 8 lbs.
- Up-to-date on vaccinations, heart worm and flea prevention!
- Crate trained and almost completely housebroken (with consistency will get there in not time!)
- Good with most dogs (prefers female dogs)
- Absolutely adores children!
- A little too playful with cats (he isn't aggressive towards them – just wants to play with them so it depends on how the cat reacts to him)
- A very sweet and friendly boy who loves being a lap dog!
- Is not high energy or hyper, but loves going for walks and car rides!
- **FENCED IN YARD required** because Cruiser is an escape artist and he's extremely smart (has even opened his crate door by himself!)

Here's Cruiser showing off his new fall wardrobe!

This is Cruiser and his foster sister, Sheba the Rottweiler ... they are good pals and love playing together!

Cruiser wonders why they are the exact same color but not the exact same size!

Cruiser is a boy of many expressions and is sure to melt your heart and he needs a foster home so if you have a securely fenced in yard and would like to open your heart and your home to this sweet little cuddly boy please contact us ASAP!
